School Board

Newbury, N. H., July 14, 1924

This is to certify that I have examined the accounts of the school district of Newbury of which the within is a summary, and I find them correctly cast and properly vouched.

JOSEPH A. DONIGAN, Auditor.

SUPERINTENDENT'S REPORT

To the Members of the School Board:

This report for the year ending June 30, 1924, is the fifth in succession which I have the honor of presenting to your Board.

Organization

The election of Miss Gladys E. Hall, teacher of the Mount Sunapee school, represents the only change in the staff of teachers. During the last six weeks of the winter term Mrs. Florence H. Symonds was granted leave of absence for a southern trip. Her position was filled by Mrs. Harriet M. Gove.

Teachers 1923-24

School—Teacher of teacher	Professional Training	Prev. teach- ing Experience	Salary Annual rate
District No. 2:			
Florence H. Symonds	None	12 years	\$800.00
Mt. Sunapee:			
Gladys E. Hall	Plymouth (1 summer)	None	\$600.00
South:			
Helen F. Carter	Plymouth (1 summer)	3 2-3 years	\$750.00

The entire staff of teachers attended normal school during the summer of 1924. Mrs. Symonds and Miss Carter secured permanent teacher certificates from the state. Miss Hall is pursuing work to secure a similar certificate.

Honor Roll—Perfect Attendance for the Year

Health

The following is the report of medical inspection made by Jennie J. Folsom, R. N., of Gardner, Massachusetts. The report shows much need of corrective treatment, particularly in the matter of teeth and tonsils. The nutrition of the children as indicated by weight was found to be excellent.

Number of pupils examined	32
Number of teachers examined	3
	Cases Found
Defective vision	1
Defective hearing	1
Defective teeth	27

Hypertrophied tonsils	11
Cardiac disease	1
Defects of breathing	1
Enlarged glands	2
Unvaccinated	4
Other diseases or defects	3

Instruction and Promotion

In addition to the regular work in arithmetic special drills have been given the four upper grades by the use of self-keyed number cards. These have been productive of both speed and accuracy, and extend intensive drill in the processes of addition, subtraction, multiplication and division as applied to integers, fractions and mixed numbers.

The New Aldine Series and the Winston readers have been added to the basal reading of the first four grades.

Of the three pupils graduated in June from the eighth grade, Paul Gove and Pearl Ring are attending the Simonds High school in Warner; Everett Lindsay is employed in office work in Boston.

Recommendation

During the school year covered by this report there was expended for the maintenance of three elementary schools \$3.55 per thousand of the local valuation. We are required by law to raise \$3.50 per thousand of the local valuation for the support of elementary schools. In case a district does not so expend the \$3.50 tax per thousand, the unexpended balance is payable by the town to the general education fund of the state. Obviously with the maintenance of only two schools the time is near when Newbury will fall into this group of towns, unless the district has a legal indebtedness: in which case the state does not claim the surplus of this \$3.50 tax.

Hence, I recommend that the school board or a special committee be authorized by the district to locate, purchase land and proceed with the erection and equipment of a modern two-room school building at Newbury; that the issuance of bonds to a sufficient amount be legally authorized, a sinking fund estab-

lished for a period of years to meet payment of bonds, and the annual unexpended balance of the \$3.50 tax be retained by the Town of Newbury for payment on the sinking fund.

John D. Peaslee

The sudden death of John D. Peaslee in August, 1924, removed from the school board the senior member, both in years and in period of service. He was at the time Chairman of the board.

I found Mr. Peaslee a man of wide information, a keen observer of human nature and an inspiring exponent of the dignity of labor. He was justly critical of educational methods but generous in his acknowledgement of results. I shall cherish with pleasure my recollection of association with him.

Conclusion

In conclusion I want to express my appreciation of the constructive criticism and cooperation which have been shown by the school board, the parents and other citizens.

I want particularly to commend to you the classroom teachers who work with a purpose born of vision, the transportation drivers who brave and sometimes break the winter roads, and last but not least the faithful janitors who keep comfortable and tidy the physical environment of your schools.

Respectfully submitted,

GEO. H. HARMON,
Superintendent of Schools.
